Dear Member of **Makina Health Cooperative** Health Plan:

MedalistRx is pleased to announce a new partnership with the employees of Makina Health Cooperative.

This new partnership, starting on **January 1st, 2019** will allow MedalistRx to administer the prescription benefit program for Makina Health Cooperative. We're excited to announce that starting January 1st Makina Health Cooperative members will have the ability to fill a three month supply of medication at retail pharmacies. This option is available along with mail order through OptumRx, to make filling your medications more convenient.

Prior to the beginning of the transition date, you will receive a new benefit ID card from Benveo. The card will have pertinent information required by your pharmacy in order to process your claims. It is important that you destroy your old healthcare card and replace it with the new card you will receive **effective January 1st, 2019**.

Your health plan information is as follows:

MedalistRx Group: **MKB010119**
MedalistRx BIN: **016580**
